Hi again Tara,

In anticipation of the questions I know we'll get at the Board meeting on Thursday, I'd like to prepare a very short deck that explicitly states 1) where we are now; 2) upcoming benchmarks and timeline; 3) lessons learned. I'm hoping this will help to ground the conversation and elicit productive questions/comments.

I'd like to present this as part 1 of our conversation, allowing everyone (ie. non-board members) to get the update and ask their questions. We'll then move to closed session and give board members the opportunity to go into a bit more detail.

The outline of this deck is attached. I used text from your last updates and inserted comments where further explanation is needed. Could you please help to fill it in? I want to give board members enough time to review and formulate questions. I'd like to send this to them first thing tomorrow morning (9am).

Thanks in advance for your help.

Best,

Ellen

I'll make 11am work. Definitely want to talk sooner rather than later. Thanks.
